The image shows the exterior of a large, historic brick building, identified as the Lamierini building. The building features a prominent central entrance with a large, multi-paned glass door. On either side of the entrance are tall, arched windows with decorative metal grilles. The brickwork is a warm, reddish-brown color. A large, dark green tree is visible on the right side of the building. The sky is clear and blue. The name "Lamierini" is overlaid in large white letters at the bottom of the image.
